

**Koch Membrane Systems
European Headquarters, Stafford, United Kingdom**

Location: KMS is situated in the town of Stafford, which is located in the centre of the country, roughly half way between the major cities of Birmingham and Manchester; both of which are served by international airports.

Railway: Stafford has a railway station incorporated on the West Coast Mainline which can be accessed from most major UK cities.

Directions: From the M6 motorway; leave the motorway at Junction 14 (Stafford North). Leave the roundabout by the second (from the North) or fourth (from the South) exit, and take the A5013 Eccleshall Road for Stafford Town Centre. At the next roundabout, (after approximately 2 km/1.25 miles) take position in the right hand lane and take the second available exit for Stafford Town Centre, keep right and take the feeder lane after 30 – 40 metres. Turn right into Greyfriars Place and follow the road straight on for around 150 metres; turn right into Frank Foley Way. Park in a Koch marked parking bay or a visitor's bay. Enter the building via the door marked No. 5.
